

EVERY GIFT MATTERS

Honor Roll of Donors

STILL GOING STRONG AFTER 150 YEARS

For 150 years Rose-Hulman has relied on the generosity of others to provide an education that transforms our students. When Chauncey Rose and his nine friends incorporated what would become Rose-Hulman, they knew that philanthropy was critical to the success. Today, Rose-Hulman still relies on gifts to support our students' educational journey, and we are incredibly grateful for your belief in our mission and look forward to sharing more of the difference you're making.

Whether this is your first time donating or you've been a faithful supporter year after year, your contribution means the world to us and to the students we serve. For our long-time donors, your continued generosity is truly remarkable. Your commitment to our mission has been a source of inspiration and a steady foundation that allows us to plan confidently for the future. Thanks to your unwavering support, we have been able to expand our programs and make a lasting difference in our community. We are incredibly fortunate to have you as a partner on this journey.

To our new donors, your decision to support Rose-Hulman marks the beginning of what we hope will be a long and meaningful relationship. Your contribution is already making an impact, and we are so grateful to have you join our efforts. Together, we can achieve great things and work toward creating a brighter, more hopeful future.

It is through the kindness and generosity of individuals like you that we can continue our efforts in fostering future Rose alumni. Whether you've been with us for years or are just beginning to support our cause, we want you to know how deeply we appreciate your trust and belief in what we do.

Very Sincerely,

Steven P. Brady
Vice President for Institutional Advancement

Ways to Commemorate Others Through Giving...

Darrin and Shelly Davidson Endowed Scholarship for Mechanical Engineering

Shelly Davidson created an endowed scholarship on behalf of her husband, 1986 mechanical engineering alum Darrin Davidson, as a surprise 60th birthday present. The party had a Rose-Hulman theme. Friends from seven different states were represented at the celebration. The gift of a named scholarship to her husband was one that will keep on giving, supporting mechanical engineering students.

Charles W. Kallis Endowed Scholarship

Charles "Charlie" Kallis' roots were deeply embedded within Terre Haute and Rose. He was born in the city, earned his mechanical engineering degree from Rose Polytechnic Institute in 1957, and then met his beloved wife, Kathy, and raised their three children in his hometown before moving to Siloam Springs, Arkansas, in 1977. That's when Charlie took a job with Jet Stream Plastics, where he worked until retiring in 1993. He started his engineering career with Ethyl Visqueen in Terre Haute. The Kallis family has honored Charlie, who died April 9, 2024, in Peachtree City, Georgia, by setting up a memorial gift that supports Rose-Hulman and its students.

Clayton A. Lewis Memorial Scholarship

This scholarship fund was created by James and Ruth Lewis, parents of 2008 computer engineering alum Clayton A. Lewis. Clayton attended Rose-Hulman's Operation Catapult summer camp for high school students wishing to explore their STEM interests. He loved the instructors so much that he refused to apply to any other school to attend college. This scholarship was created in Clayton's memory and will support Rose students from Indiana for years to come.

Annie Gotwald Memorial Endowed Scholarship

A scholarship was created by Greg Gotwald '01 and his wife, Lindsay Gotwald, to honor the memory of their beloved daughter Annie Gotwald. The 9-year-old girl developed a love for STEM education. Her dream was to attend Rose-Hulman so that she could design rockets to send others to space. This scholarship was established so that Annie can continue to share her love of STEM and help other girls fulfill their dreams.

Joe Wendel Honors Classmate by Sponsoring Shack Lounge

The Shack Lounge has become a popular meeting spot for students on the second floor of the Mussallem Union. The space is a tribute to 1995 alum Brian W. Shattuck (affectionately known as "Shack" by his classmates) for his determination, grit, perseverance, and work ethic. It was a surprise gift from classmate Joe Wendel in honor of his friend.

Koonmen Meeting Room Created

One of the student meeting spaces inside the Fowler Academic Building has been named in memory of a Rose alumni father. The children of 1948 Mechanical Engineering alum, Edward Koonmen, wanted to honor their father by having a student workspace in the Fowler Academic Building named in his memory.

'The Clyde' Conference Room Honors Clyde and Patricia Willian

'The Clyde' Conference Room Honors Clyde and Patricia Willian. One of the collaborative workspaces inside the Fowler Academic Building is "The Clyde," honoring the many contributions of 1952 chemical engineering alum Clyde Willian and his wife, Patricia Strong Willian. Clyde was a prominent Intellectual Property attorney in Chicago and fervent supporter of Rose. He was elected to the Board of Trustees in 1989, served as chair from 2001-2005, and remained a lifetime member until 2020. Patricia grew up in Terre Haute and was the daughter of Dr. Ralph K. Strong, professor of chemistry and head of the Department of Chemistry from 1936-1952.

If you are interested in setting up a commemorative gift, contact the Office of Institutional Advancement at **812-877-8453** or **DevelopmentOffice@rose-hulman.edu**.
